Greetings Downtowners !

Summer is now in full swing with temperatures today topping 100 degrees. The river is very busy cooling folks off from the heat.

Since we last met, Monet's Cafe and Gold and Silver Buyer's have opened and the Black Rabbit is in the process of completing their renovation of the old Dillinger's location. In addition, Harper's is now working on construction of a new outdoor area to be called the Veranda.

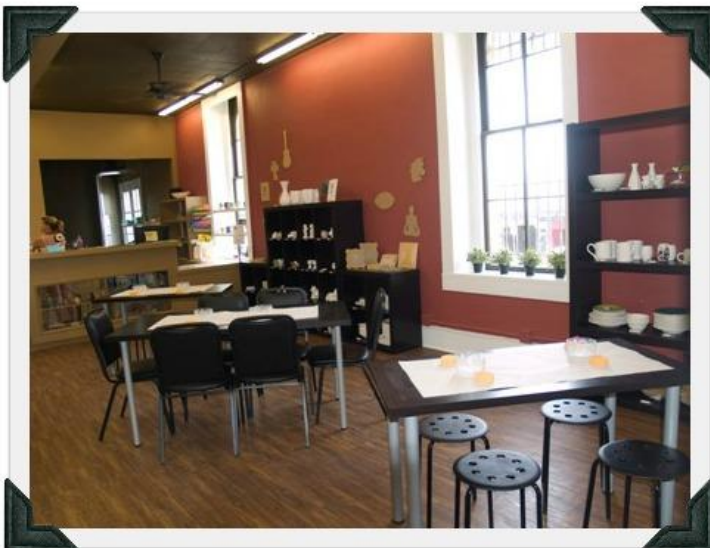

Monroe's HairStudio celebrated their third anniversary on the square.

It is great to see businesses opening, succeeding and expanding in our downtown. I hope you will all join us at our next meeting to continue our discussion of issues affecting our downtown.

Sincerely,

Scott Gregson
President
